Attn: D. Allen / Maintenance Fee Branch / (571) 273-6500

This is a notification of loss of entitlement to small entity status for the above-referenced patent in accordance with 37 C.F.R. § 1.28(c). It is requested that the entity status of the above-referenced U.S. patent be changed to reflect such loss of entitlement for purposes of paying the first, second, and third maintenance fees and any subsequent surcharges. This declaration is made in view of Applicant's realization that after the Issue Fee was paid, the above-referenced U.S. patent was changed from a Large entity to a Small entity which is incorrect as the patent is licensed to a large entity organization, which would not qualify for small entity status, pursuant to 37 C.F.R. § 1.27(a)(2)(i).

The USPTO is authorized to charge Applicant's Deposit Account for any under payment required in this matter. The signatory below is a proper signatory under 37 C.F.R. § 1.33(b).

Respectfully submitted,
